## Special Education Services for Special Needs Students

Peabody has a full service special education program through Santa Barbara School District. It includes three credentialed teachers, a speech and language specialist, adapted p.e. services, numerous instructional assistants, and a school psychologist two days per week. We support and implement an inclusion model to the greatest extent possible with the students who are identified to receive special education services through their IEP, Individual Education Plan.

All special needs students who attend Peabody must reside in the attendance area. Enrollment usually takes place in the winter before your child would start here, during the first week of January.
